

## Brittany Lester- 8th Grade English

---

Hi, my name is Brittany Lester and I teach 8<sup>th</sup> grade English at GJHS. I was born and raised in Gonzales, TX and graduated from GHS in 2004. I attended college at TX State University-San Marcos and graduated in 2008 with a Bachelors degree in English. I began my career in secondary education

because I've always loved the idea of working with teenagers and helping them fulfill their goals.

My goals this year for my students are to help them grow academically, and to give them the tools necessary to achieve their dreams. My main goal this year for myself is to begin graduate school at TX State University-San Marcos. I want to get my masters degree in Guidance and Counseling before I am 25, and then begin working on my Ph.D sometime after that. As of right now, I have no idea what I want to do with a Ph.D, but I have a few years to figure it out.

When I'm not in school, I enjoy doing anything that involves being outside. I love fishing, spending time at my lake house, exercising, and traveling. My favorite place that I have traveled so far is the Caribbean. It's so peaceful there, and I'm hoping to take another trip sometime in the near future!

If you have any questions, feel free to email me anytime at [brittany.lester@gonzales.txed.net](mailto:brittany.lester@gonzales.txed.net).
