

Rachel Solis – Assistant Principal - GJHS

Hi! My name is Rachel Solis and I work with the community of Gonzales as Gonzales Junior High's assistant principal. My main obligation is to support our campus in becoming a great place for people to learn and develop. A school should be a safe, happy and engaging place! My efforts are focused with that end in mind.

My time out of the office is spent working in my yard or building something. My latest project, which is nearing completion, is a rock garden. It is really pretty, and with all of the recent rain showers, the flowers are simply vibrant. I also love to exercise, read, and spend time with my family and friends.

I am currently working on my Ph.D. in Education (School Improvement) at Texas State University (with hopes of finishing before I turn 40!). I earned a Bachelor's degree in English from the University of Texas at San Antonio in 1994 and a Master's degree in Educational Administration from Sul Ross State University in 2004.

Live well! And, feel free to call, email, or stop by anytime.

☺Rachel
